Lucidess Harvard Team Loses to Dartmouth, Who Scores Twice-The Indians Trounce Pennsylvania-Williams and Wesleyan Play a Tie-Other Results

Brimful of loy for Princeton and Joyless for Yale was yesterday on the gridiron Yale was beaten by the Tigers in a game that, as expected, proved the teams to be closely matched in strength. The Yale freshmen matched in strength The Yale freshmen also were beaten, losing to Harvard, '07, but that was small consolation to Harvard, as the latter's 'varsity team was beaten decisively by Dartmouth. No Harvard eleven has had such a doleful season's record. The Quakers lost once more, being outpixyed by the Indians, while crippied Columbia wound up her season with glory, winning from Cornell. The East triumphed over the West when West Point disposed of the University of Chicago. The results follow:

Princeton, 11; Yale, 6. Dartmouth, 11: Harvard, O. Columbia, 17: Cornell, 12. Indians, 16: Pennsylvania, 6. Williams, S: Wesleyan, S. Rutgers, 18; N. Y. U., 15.

#### ARMY TEAM BEATS CHICAGO. Goal From Placement Puts the Cadets Ahead.

WEST PCINT, Nov. 14 .- A notable victory was won by the West Point football team to-day. The brawny University of Chicago eleven, with a formidable reputation and a the East, was beaten by a score of 10 to 6 It was hammer and tongs from start to finish, and a more gruelling or harder fought encounter never took place here. Smash, bangiwas the order throughout, with neither side as good on the defence as on the attack, but with a demolishing offence, and the ball travelling long distances up and down the

touchdown. Eckersall caught the punt out and Ellsworth kicked the goal.

For the remainder of the game the play was mostly in Chicago territory. Once the cadets lost the bail on a fumble six yards from Chicago's goal. Near the finish of the game Stillwell tried to heel a catch on Chicago's so-yard line. A Chicago man rushed up and was standing just in front of Stillwell as the latter was waiting for the bail. The descending plaskin struck the Chicago man in the back of the head and bounded forward. Another Chicago player picked it up and ruced toward West. Point's goal. He was overtaken and thrown. In the mear time, however, West Point claimed interference with the catch, and the umpire sustained the claim. This brought out a long and vigorous protest from the Chicago men, who declared that there was no interference. But the umpire stuck to his decision and penalized Chicago fifteen vards for the interference. This gave West Point a chance to kick a goal from placement from the 25-yard line. Doe sent the ball squarely between the posts and the victory was West.

#### CORNELL BRACES TOO LATE. Columbia Gets a Big Lead and Wins Game by Score of 17 to 12.

ITHACA, N. Y., Nov. 14.—Columbia won to-day's football battle on Percy Field from Cornell by a score of 17 to 12. The second half of the struggle can hardly fail to go down in football history as one of the most magnificent and thrilling ever enacted on a gridiron. In the first half Columbia scored twice and kicked one goal, thus making the score 11 to 0 in favor of the New Yorkers. In the second half, after Columbia had made one more touchdown and kicked a goal, the Ithacans took a brace and carried all before them, making twelve points.

It was in the second half that Cornell really

settled down to work. With great odds against them, they set out to win, and never was a more plucky fight waged. Football enthusiasts who have followed the game for years declared that seldom has a greater amount of grit and determination been exhibited than was the case with the Red and part of Columbia, and exceedingly poor luck on the part of Cornell, that was the determining factor.

So creditable was Cornell's work in the second half and so sensational were the runs that the 4,000 Cornell supporters seemed to forget the great olds with which the Cornell men had to contend and they cheered the schievements of the Ithacans to the echo, so that the game is regarded in Ithaca almost like a victory.

The heavy, wet field, the biz, heavy line of Columbia and the style of attack seemed to confuse the Ithacans in the first half, but before it was over there were evidences apparent that the Cornell players were gradually com-

#### ALAS, POOR HARVARD! The Crimson Completely Outclassed by the Big Dartmouth Team.

CAMBRIDGE, Mass., Nov. 14 .- Dartmouth defeated Harvard on the new gridiron inside the Stadium on Soldiers' Field this afternoon by a score of 11 to 0. It was the first game to be played on the new field Dartmouth clearly outclassed Harvard at every point of the game. She had a team of powerful men that worked like a single man. The line and backs charged together, hard and low The Dartmouth back field was the fastest that Harvard has met this fall. Harvard could not gain consistently on Dartmouth and in the entire game rushed less than fifty yards, while Dartmouth made 238. The nearest that Harvard came to scoring was the 27-yard mark, and that was the only time she had the ball out of her own territory.

the only time she had the ball out of her own territory.

In the first half the nearest she came was the 62-yard line. Harvard held Dartmouth for down three times in the game and was held once, though she was forced to punt every time she got the ball. Dartmouth's first touchdown was made after she got the ball on Hurley's fumble on Harvard's 35-yard line. The second one, in the second half, was made by rushing the ball eighty-three yards without a hitch. The only sensational gain of the afternoon was a thirty-five yard run by Vaughn. For the remainder of the time it was the hardest kind of dogged football.

Sheriff Bell, the Contender, Slightly Interfered With in the Stretch-Dolly Spanker Wins in Good Two-Year-Old Company on Jamaica's Closing Day.

The metropolitan racing season for 1903 came to a close at the Jamaica track yesterday, and the 10,000 persons enjoyed some good racing. Three favorites, two well played second choices and a long shot divided the money.

The track and weather conditions were any thing but pleasant and therain of yesterday morning made the track heavy and holding: nevertheless the public was able to locate the winners and managed to more than break even on the day. As is usual on get-away day, there were a number of "good things" passed around, but they failed to

The card was good, and the finishes in the majority of the races were close and exciting, particularly in the Continental Handicap, one mile and a sixteenth. Five were carded to go and all accepted. Hurstbourne carrying the heavy impost of 124 pounds, Redfern up, was at once made favorite at 6 to 5. Masterman, with Bullman in the saddle, was a heavily played second choice, being backed down from 3 to 1 to 13 to 5. The start was good, and Sheriff Bell, 5 to 1, immediately went out to set the pace, closely followed by Hurstbourne, with Himself 20 to 1, in third position. This order was maintained around the paddock turn and into the back stretch.
Coming to the three-quarter pole Redfern

sent Hurstbourie up to the leader, Masterman taking third place. As the field swung into the stretch, Sheriff Bell, on the rail, was still leading by a head from Hurstbourie. All through the last one-eighth of a mile it was a dingdong finish, when nearing the finish Hurstbourne slightly bore in on Sheriff Bell, causing Higgins to pull up. Hurstbourne mained the decision by a short head from Sheriff Bell, who in turn was three lengths in frost of Masterman. A growd of two or in front of Masterman. A crowd of two or three hundred people gathered around the stewards' stand, and as Higgins e i abed the

three hundred beople gathered around the stewards' stand, and as Higgins e i abed the stairs leading to the stewards' place a great shout went up. After a moment's deliberation Redfern was sent for and told his story, after which the placing of the horses was confirmed.

Dilly Spanker, from the stable of R. T. Wilson, Jr., was added to the Riverhead Handicap for two-year-olds, six furiongs. The Wilson geiding was made favorite at 13 to 5. Frank Farrell's Juvenal Maxim, who in his last two starts was left at the post, backed by his owner, was played down from 4 to 1 to 13 to 5, at which figure he closed an equal favorite with Doily Spanker. The start was bad. E. R. Thomas's St. Valentine was flatfooted when the barrier was sprung. Eagle, backed from 30 to 1 to 15 to 1, broke on his toes and raced with Juvenal Maxim to the stretch, where Eagle dropp d back, beaten. O'Neill on Juvenal Maxim dropped his whip, which probably caused the Farrell horse to finish so far back. Meanwhile Redfern on Doily Spanker, was lying in a good position with the favorite and took the lead in the stretch, and appeared to be winning easily when Gannon on Grenade, 16 to 5, brought his mount up with a rush and forced Redfern to ride out the favorite to win by a length and a half. St. Valentine closed with a great burst of speed in the stretch and speared to be winning easily when Gannon on Grenade, 18 to 5, brought his mount up with a rush and forced Redfern to ride out the favorite to win by a length and a half. St. Valentine closed with a great burst of speed in the stretch and speared to be winning as the burst of speed in the stretch and great burst of speed in the stretch and great hundred was scenatehed, the Shields crowd depending on St. Valentine to win.

Buttons, 122 pounds, from the Thomas stable, was made in 11 to 10 favorite in the last race, a handicap for all ages, one mile and a furlong. River Pirate, who is a well known at the lifting of the barrier and immediately took a good held of his mount, rating him nicely in fro t

# WIN AT NEW ORLEANS

No greater opportunity has ever been afforded the American racing public to earn a steady income with a small capital than does the Maxim & Gay Co. offer you at New Orleans, beginning Thanksgiving Day, Nov. 26.

Everybody conversant with the history of the Maxim & Gay Co. knows that at New Orleans it has scored those sensational successes which have made its name a household word among patrons of the turf. No record approaches ours for the number of winners named at long prices at the Crescent City. Our experts are already on the ground preparing for the opening. Every indication points to us surpassing our best efforts in furnishing information from that track, and we are again certain we will enable patrons of the Company to win steady incomes on small investments there.

# \$50 netted \$201.75

Here is a complete statement, showing the result of a \$10 play on each horse given in our "Discretionary Series" during October. (Note: A capital to begin with of \$50 is required by us, as a matter of conservatism, to make a \$10 play on each horse that is considered by us a good betting proposition.)

### We Pick the Winners.

The system we employ to locate winners is identical with that used by "Pittsburg Phil," John A. Drake, John Gates, W. Langdon, Joe Yeager, and other famous plungers who win hundreds of thousands on the turf every year, and it proves just

We gather our information of prospective winners through a force of expert horsemen who hold a watch on the horses in their early-morning trials, and in that way learn when they are ready to win. The money that is played into the game by persistent losers, such as the large mass of uninformed players are bound to be, goes into the pockets of the big operators, of which the Maxim & Cay Co. representing a large clientele, stands at the head. The work of the Maxim & Gay Co. is to place the general public npon a level with the winning plungers, and our success in

this accomplishment has made us famous on two continents. We do business only on the great racetracks of the U. S. We number among our clients some of the best known sports. men, financiers and merchants in the country. Investment on the turf is now deemed as legitimate as any other high-class form of speculation. The present high standard to which racing has been brought and the absolutely good faith in which turf affairs are conducted under the auspices of the Jockey Club in the East, and the Western Jockey Club in the West, has inspired mil-

lionaire capitalists and business men all over the country with as much confidence in racing as in the stock, grain and cotton markets, and this is one reason why transactions in the betting rings now rival in magnitude those of the stock, cotton and grain exchanges. Another reason for the rapid growth of turf speculation in popular favor, is the rapidity with which all transactions are wound up. The speculator makes his investment at the racetrack in the afternoon through us and receives a notification

by mail, in a letter guaranteed to bear a postmark earlier than the race is run, of just what horses are to be backed for his account. By the next mail he is informed of the result of that day's operations, and he learns quickly just where he stands. At the end of each week he receives a complete statement of his account with a money order for his profits, less 25 per cent., This gives a wholesome tone to legitimate turf speculation which cannot be found in the more or less involved transactions

of the big exchanges, and this is why turfmen live more comfortably and live longer than do men whose involved transactions are on their minds, day and night, for weeks and sometimes months at a stretch.

## Our Clients Won a Million Dollars.

As it is well known that our clients have collectively won as much as a millon dollars at single race meeting, it is sometimes asked: "Why do not Maxim & Cay simply sit down and back their own selections instead of running a considerable clerical force and spending large sums in advertising in newspapers throughout the country?'

The answer is simple enough if one stops to consider the situation. Maxim & Gay, by dint of ability, energy, organization. capital and advertising, have secured an enormous clientele, which means the command of immense capital. If we can pick winners for this immense number of investors, our profits are larger than if we played our own money only, for on a basis of 25 per cent, of winnings, which we charge for information and commission, one man out of every four of our customers is practically betting for us. The proof that this plan works for the benefit of the public as well is that they win three weeks out of four, and our books show that no customer who stuck to us for two months ever failed to get well ahead of the game, while not a few of those who now own winning stables of racchorses, and who are cutting an important figure on the turf, began the game as mere novices, playing our selections through us. The principle upon which we operate is such that we must of necessity do the best we can for you. Our income, as pointed

out, is derived solely from a percentage of the winnings of our clients, and if we cannot make you win our entire income is cut out, is derived solely from a percentage of the winnings of our clients, and if we cannot make you win our entire income is cut off. That we have been successful in making out clients win is amply proven by the fact that we have prospered for upward of three years, while imitators, pursuing more economical and less businesslike methods, have gone under by the score. Noting the success that was being achieved by Maxim & Gay, scores of "get-rich-quick" operators tried to break into the field successfully occupied by the older and more responsible firm, but it did not take the press and public long to discriminate between the legitimate and the illegitimate, and as a result we have continued to flourish uninterruptedly, while in the ranks of our rivals there have been scores of enterpress initiated, only to end in failure.
